

Daily Edmonton Bulletin.

VOL. I

EDMONTON, ALBERTA THURSDAY APRIL 2, 1903.

NO. 17

TELEGRAPHIC.

WHEAT AND OATS.
Winnipeg, April 2.
Fort William wheat, No. 1, hard, spot, 72 1/2c a bushel.
Winnipeg oats, No. 2 white 39 1/2c a bushel.

WHEAT IS HIGHER.
Chicago wheat closed higher yesterday.

PROTEST CLARKE'S ELECTION.
The liberals have protested Centre Branch.

BIG VANCOUVER STRIKE.
Some 3,000 carpenters in Vancouver have gone on strike.

TROUBLE IN THE BALKANS.
The Albanian rising in the Balkans is becoming serious.

ROSSLAND VISITED BY LAND SLIDE.
A land slide occurred in Rossland, British Columbia.

TRAINING SHIPS FOR CANADA.
Canada will have three training ships for naval reserve.

THE TIDE HAS SET IN.
During the last 24 hours over 1800 settlers have reached Winnipeg.

CLERGUE SUPERCEDED.
Cornelius Shields will succeed Mr. W. H. Clergue as president of the Consolidated Lumber Superior Company.

MOOSOMIN HAS GRIEVANCES ALSO.
Moosomin board of trade complains of railway and postal services.

MANITOBA ELECTIONS IN JUNE.
Manitoba government elections will probably take place in June.

LUMBER DEALERS DEFEND THEMSELVES.
A Regina lumber company has criticized a statement made by Mr. Walter Scott, M.P., concerning prevailing lumber prices.

LOCAL.
Train left Red Deer on time.
Gus Dora, of Beaver Hills, is in town to-day.
The Harold Nelson Company are playing to packed houses in Calgary.
Percy Bliss is on the street again after a very severe attack of the grippe.

The secretary of the band wrote the town council last night asking for a grant of \$500.
A report of the baseball meeting last night has to be held over for to-morrow's issue.
Weather: Yesterday, maximum temperature 42 above, 19-day, minimum, temperature 32.5.
Paul G. Fournier, D. L. S., and J. Duhaime, D. L. S., both of Ottawa, are in Edmonton this week.

Extensive improvements are being made in the post office. A large number of new boxes will be installed.
The Lake Erie which arrived in St. John, N. B., on Wednesday last had on board 1200 immigrants for the Canadian West.

A. Curties, who has been in Edmonton for the winter, having disposed of his property here, leaves for the coast to-morrow.
B. Matz is planning the erection of a 25 by 24 foot frame building with metal siding and roofing to the rear of the Grand Central Hotel.

Roads in the Edmonton district are in a very bad state. In places there is absolutely no snow and in other places a great deal. Travelling with either wagons or sleighs is most difficult.

C. Peterson, of Kincairdine, Ontario, has been transferred to a position in the Merchants Bank, Edmonton. Mr. Peterson is a brother of the manager of the Merchants Bank at Red Deer.

The Edmonton orchestra have secured additional talent for their concert to be given in Robertson Hall on the 21st inst. J. J. Walsh, of Calgary, will sing and W. E. Hais will give several comic cartoon sketches.
The teachers of the Presbyterian church Sunday school have instituted a regular teachers' meeting for the study of the Sabbath school lessons every Wednesday evening at 9 o'clock immediately after the prayer meeting. Last night at the close of the teachers' meeting Rev. Mr. McQueen on behalf of the teachers and officers of the Sunday school presented Miss Webster with a handsome morocco bound hymn and bible as a slight recognition of her services in arranging for the cantata in the Presbyterian church last Christmas.

The council last night acted as a court of revision for local assessment taxes. Several by-laws were read and reports received. A full report of the meeting will appear to-morrow.

In support of a request to have the present nuisance ground moved Mr. Hugar in addressing the council stated that 250 lots in that neighborhood had recently been sold and that about 50 new buildings would be erected there this summer.

C. Gallagher has had a number of small buildings to the rear of his butcher shop torn down and is erecting a 2 story frame warehouse with metal roof and siding, 22x40, with brick foundation, on the site of the old buildings. A 25 by 25 addition to the rear of the butcher shop is being made to provide suitable offices.

CURLING.
At the curling rink Tuesday night: Pearson defeated Kinnaird in the consolation prize in a six end game by a score of 6 to 1. Campbell defeated Morris, in a nine end game by a score of 14 to 5.

Campbell and Pearson are left in the final for this competition—the prize being a set of lockets donated by the vice-president of the Edmonton Curling club.

Last night Pearson defeated Campbell in the finals for the consolation prize by a score of 6 to 5 in a ten end game. Pearson's rink will thus wear the handsome set of lockets donated by E. Raymer.

C. P. R. WILL COME TO EDMONTON.
Mayor Short and F. P. Tins, secretary of the board of trade, had an important interview with C. E. McPherson, Canadian Pacific railway general passenger agent of Winnipeg, yesterday afternoon. The question of a C. P. R. ticket office and through checking of baggage were discussed. A request was made to Mr. McPherson to have the C. P. R. freight and passenger train brought straight through to Edmonton by the E. Y. & P. engine. Mr. McPherson stated that there were objections as regards the ticket office and checking of baggage but he was confident that arrangements would immediately be made to have the C. P. R. trains taken into Edmonton over the E. Y. & P. railway. In this case they could put an agent in the E. Y. & P. office in Edmonton for the sale of tickets and the checking of through baggage. With this arrangement there would be no need of changing cars at Strathcona.

POST OFFICE SITE.
The adjourned business men's meeting was held in the council chamber yesterday afternoon at 4 o'clock. Mayor Short occupying the chair and F. P. Tins acting as secretary. The purpose of calling the meeting was to see if a unanimous choice could be made of a lot upon which to build a post office. The mayor proceeded to read the following long list of offers: The Hutton property, lot 31 and 32, R. L. 6, 60x90, on McDougall and Rice St. for \$6,000—a rebate of \$1,500 to be given by owners and a grant of \$1,500 from surrounding property holders. This would leave the price to the government or to the town of \$3,000.
Lot 39, R. L. 6, 50x150, including building, \$3,500. The lot adjoining the above was offered for \$3,000.
Lots 25 and 26, block 1, R. L. 10, Col. J. H. property 60x100. Price \$2,000.
Lots 32 and 33, corner of Rice and McDougall street, 100x150, including buildings \$12,500.
S. W. corner of 1st and Fraser streets, 108x300. Price \$3,000.
Lots 27 and 28, R. L. 6, 60 feet on Howard street and 90 on Rice. Price, \$3,000.
The corner lot where Peck Bros. real estate office now is, corner Jasper Ave. and 1st street, \$200 per foot frontage, McDougall & Steward. This lot opposite was offered for the same price.
The corner now occupied by Looby's blacksmith shop, corner Jasper and Namayo avenues, \$7,000.
The site now occupied by the present post office building and by G. H. Graydon's store, \$12,000.
Lot 33, R. L. 6, the property of Garriep & Leonard's warehouse \$7,500.
The old McCaughey property on McDougall street, with a frontage of 158 feet and a depth of 106 feet, \$125 per foot.
A corner lot 50x100 feet, at the junction of McDougall and Rice streets, now occupied by Garriep & Leonard's warehouse, \$15,000.
The corner occupied by Dr. Whitlaw's residence, \$5,500.
The Sutter property north of the market with a frontage of 170 and 150 feet on Queen's avenue and Second street, \$7,000.
Discussion was now called for. E. D. Grierson submitted a motion suggesting the referring of the different sites to the government for their choice. The motion was lost. J. B. Mercer stated that the price of the site was the great consideration as the town itself would likely have to buy the lot. Messrs. J. A. McDougall, Dr. Wilson, Walsh, Fieard, Clarke, Stovel, Latta and others addressed the meeting some

favoring one site, some another. A motion stating that the post office should be on Main street, was carried. After a series of motions, and amendments and amendments to the amendments it was decided to take a vote of those present who were eligible to vote on money by-laws in the town, on each lot offered. This resulted in 27 votes cast in favor of the site on the corner opposite and east of McDougall & Steward's store and 26 votes in favor of the Hutton's property. The other lots received comparatively few votes. The two favored sites were then voted upon which resulted in 33 votes for the McDougall property and 24 for the Hutton's property. On motion of McDougall-Clark any further matters in connection with the post office site were left in the hands of the council.

The question of a delegate to Ottawa was brought up and Mayor Short was the unanimous choice of the meeting. The delegation as chosen now is Mayor Short and Mr. J. A. McDougall.

NEW ADVERTISEMENTS.
SITUATION WANTED.
By a man and his wife on a farm or ranch. Apply Royal Hotel, Strathcona, d.74 s.w.44-45p.

Business man has \$750 and services to invest in any good business. Address "Business," Bulletin office, d.75-77p.

THE HOPE OF THE FUTURE

Bundles of old country journals are continually arriving at this office, containing very elaborate accounts of English immigration to Canada. The following extracts are taken from the London Daily Mail:

The stream of emigrants towards Canada, which under the careful guidance of the government of the Dominion has been steadily increasing for some years past, has assumed the proportions of a flood tide during the past twelve months, and with this spring will be established a great record in emigration.

And this great influx of emigrants will not be due to chance, but will afford striking testimony to the success that waits upon a government that prosecutes its aims on business lines.

A year or so ago the Canadian emigration office had no separate existence. Then it was placed upon a separate establishment with Mr. Preston at its head, and the progress which has been made under his guidance during the past twelve months amply justifies this step. A year ago the average number of emigrants to Canada for the preceding twenty-five years was 16,000 per annum. During the past year, however, the number, under the auspices of the emigration office, 27,000 entered Canada from the United Kingdom, 34,000 from the United States, and 23,000 from other parts of the world, making a total of 84,000. This year the total will be well over 120,000, of whom at least 50,000 will sail from England.

The great rush of emigrants will come during the next few weeks, and a largely augmented staff is working night and day at 17, Victoria street, to get the people off. The Dominion line is putting on extra steamers to cope with the demand. The fact is a Parisian has just left with the record number of 2,000 passengers, and not a berth is to be had for some weeks to come.

Those who stand shivering on the brink of emigration, fearful to go forth to a new country with only a few pounds in their pockets, should find comfort in the latest financial statistics of Canada, which prove that the emigrants take prosperity with them. The public revenue has doubled in the past six years, a state of affairs which the history of no other country can show. Six years ago the bank funds stood at \$28,000,000. Now the total is at \$48,000,000.

A few weeks ago there arrived in this country fifty Canadian farmers whose proud boast it is that when they went to Canada they had not a penny piece, but that they now live fortunes up to £12,000. They will tour the country to lecture on the advantages of Canadian farming, and will take men back with them. And there is plenty of room. "If 100,000 homesteads," said Mr. Preston yesterday, "were taken up every year for the next twenty years the country would not be exhausted."

BACK FROM THE EAST

Rev. D. G. McQueen has returned to Edmonton from a trip of about 6500 miles in connection with church work. He attended the Synod of British Columbia, Home Mission Committee in Vancouver, B.C., and from there he went to Winnipeg to attend the meeting of the Home Mission Committee of Manitoba. While in Winnipeg Mr. McQueen addressed a large gathering in St. Stephen's, Ralph Connor's church, on the Peace River District. From Winnipeg he went to Toronto, where the general assembly of the Home Mission Committee was in session. A joint meeting of representatives from the Methodist and Presbyterian church met in Toronto to discuss the advisability of co-operation between the two churches in their Home Mission Work in the West. Resolutions were passed favoring the idea. A mass meeting of Presbyterians was held in Westminster church, Toronto, in the interests of local missions addressed by Dr. Reid-mann, Dr. Carmichael and Rev. D. G. McQueen.

While in the east when it is found that a person is present from the West he is immediately surrounded and besieged with questions, especially as to the fact of several railways pushing towards Edmonton at the present time has done a great deal to attract the district. So many young men have come West during the past year that there is a great scarcity of laborers in Ontario.

THE WEATHER

The following is the weather bulletin for the month of March taken at the Len Accord weather station:

Date.	Maximum.	Minimum.
1	36.8	18.5
2	19.1	1.8
3	30.0	2.5
4	38.5	11.5
5	35.6	5.4
6	33.0	9.0
7	18.0	-14.5
8	3.6	-22.0
9	12.0	-15.8
10	9.2	-6.3
11	6.5	-9.5
12	19.9	-23.0
13	22.9	-18.0
14	20.0	-15.0
15	36.0	-12.6
16	44.2	4.5
17	30.0	8.5
18	32.2	-3.5
19	51.2	5.4
20	43.5	29.5
21	37.1	15.8
22	47.0	6.4
23	41.6	16.0
24	10.0	3.0
25	22.2	3.0
26	27.5	-7.0
27	29.5	-1.8
28	35.2	6.3
29	43.0	22.4
30	47.3	18.7
31	47.3	20.6

The average maximum temperature for the month of March was 30.2 and the average minimum temperature 1.9.

The total depth of snow fall for the month was 7.25 inches.

Have heavy and light horses for sale at all times, also some cows. Will also keep for service one heavy draught stallion.

E. SIMMONS, - Proprietor.

AN OPEN LETTER

To the Builders of Edmonton District.

Gentlemen: No doubt you have heard and read in the papers recently a great deal about the so-called

"LUMBER COMBINE"

and the consequent advance of prices. In this connection a few statements of fact from us may be in order.

The manufacturers of British Columbia advise us that the advance in price is due to the increased cost of labor and of materials and that this justifies the advanced prices to the trade. Whether this is true or not we are not in a position to judge.

But we do know that it is very difficult to get orders for B. C. lumber filled with any degree of promptness. Many of the mills are sold out of stock and cannot at present ship a car. We therefore claim that the advanced prices are due to scarcity of lumber. The price of any commodity is regulated in our day not so much by the cost of production as by the general demand for the commodity.

As to our own prices we beg to say that we are careful to see that they bear a right relation to cost. We cannot help the rise in B. C. lumber because the cost price is considerably advanced. But in the lines of our own manufacture such as Windows, Doors, Frames, etc., our prices are lower than the prices for the same articles either in British Columbia or Manitoba. This will indicate to you our position in this matter.

In view of the scarcity referred to if you are building or intend to do so, we advise you to place your order with us as soon as possible so that we may get in a position to fill it when required. We promise to do the very best for our customers that circumstances will permit.

Very Truly Yours,

CUSHING BROS., CO., LTD.

Factories and yards at Calgary and Edmonton.

Branches at Strathcona and Fort Saskatchewan.

"PICCADILLY—THE BEST"

MEN'S CLOTHING

Men's Suits, some new ones. Just about now you'll be glad to see some distinctly new goods, fresh ideas in the way of fabrics—large plaids, broken checks, narrow stripes in brown and gray effects—in fancy chevrons. The man who wants something "a little different" will appreciate the present showing of

PICCADILLY CLOTHING

There is a difference in clothing as in men. There are no better clothes made than those we are showing, but there are higher prices. A hot iron and a ton weight can press out a poorly made suit so that it looks very fine in a window. But only good, careful tailoring and all-wool cloth can make a suit hold its shape and look well for months and months. No need to argue with yourself, even though you have a good suit or overcoat. Will not another be welcome, if it's but to relieve a monotonous sameness? Many of these suits are of medium weight, and you could not find better for spring service. They are all identified by the "PICCADILLY" label. That makes them all the more desirable.

A good address goes a long way in aiding a man to forge to the front. We materially assist in giving you a presentable appearance by furnishing fashionable cut attire at prices below tailor made. Elegant patterns, careful workmanship. No clothing fits like ours.

"PICCADILLY—THE BEST"

BOYS' CLOTHING

CLOTHING THAT DEFIES JUVENILE GYMNASTICS

As a parent you know how near useless it is to admonish youngsters not to soil or tear their clothes. The only remedy is to get good clothes, but don't pay too much for them. Clothing is cheaper for a healthy boy than doctors' bills for a sick one. We plead for the boyish boy.

"PICCADILLY—THE BEST"

RAIN PROOF And other OVERCOATS

Cravenetted fabrics go through a process that goes to the foundation of the cloth—the very fibres that make the wool that makes the yarn are made non-absorbent. No earmarks of waterproof, no odor—no stiffness—is porous to air. The power of "cravenette" is in disguise until attacked by rain.

We have them

From \$10 to \$16

All sizes and colors.

"PICCADILLY—THE BEST"

Phone 36.

EDMONTON.

EAST CLOVER BAR

As the time of year is drawing near that patrons and would-be patrons of the creamery should be thinking about and making plans for the successful operation of the creamery, perhaps a few thoughts on the subject would not be out of place. We have here in our district a small creamery but one that is capable of turning out a great deal more butter with no more expense than previous years, and it is to the interest of every farmer having a few cows and living near to some cream hauling route to try hard to get his cream to the creamery, and thereby benefit himself financially. When a few years ago the government came to the assistance of the different districts and began operating the creameries it was thought they would be a success at some points, I believe they have been quite successful, but in our own district, where it should have done equally as well as any of the points where the government operates we find by the reports that the Edmonton creameries is behind the rest. Now I think that should not be, and is no credit to our district.

If the government—as it is reported—are intending to leave the operating of the creameries of the Northwest to the patrons and shareholders the sooner we get them on a paying basis the better. Speaking of our own creamery here I venture the opinion that it has been operated at a loss to the government every year and we can blame only ourselves. Where a great mistake is made on the part of patrons is in promising to send the cream from the milk of a certain number of cows and when dairy butter is in good demand taking a few shillings out of that cream with the prospect of making more money out of it, if the creamery is to be successful the patrons must make up their minds to do their share towards making it so. If we promise five, ten or twenty cows to a man let us see to it that we do our part toward furnishing the cream from the promised number every day of the creaming season. If a patron wishes to manufacture some butter at home for sale during the summer, have that on view, when promising his cows to the creamery and reserve one or as many as he wishes for that purpose. The operator has a right to expect the cream of every cow promised every day and plans accordingly. Another drawback to the successful operating of the creamery has been in gathering the cream. For the past two or three summers—more especially the summer of 1902—the roads at times have been impassable, making it impossible to deliver the cream for days. It seems to me, now, as the country is getting more thickly settled and more cows along the cream routes, that a person can be engaged to gather the cream without any great expense to the patron and with fair pay to the person gathering. To the patrons I would say offer enough so that it will be an inducement to secure the services of a competent, reliable man. Provide cream to which no objection can be taken, have it ready at the appointed time, set the days of the week on which it shall be gathered and the time of its arrival at the creamery. Let us fulfill our part of the agreement and we can then reasonably look for the fulfillment on the part of the cream gatherer. If we work along these lines it seems to me we can make more of a success of it. It has been said that cereals prosper at the expense of creameries and it would seem as if that was the case in our district. One year grain is a good crop and prices are high. The following year it is hard to get people interested in creameries. Patronize the creamery well and in that way begin to solve the transportation problem. Wheat is very good here until more is raised than will supply the local demand. When we feel the effects of a long haul for our wheat. Then is when we would think seriously of the creamery. Better do it now.

GEO. A. CLAPP,
East Clover Bar.

RAILROAD DEAL

Montreal, March 22.—In conversation today a leading director of the Canadian Northern, who has gone on the directorate of the Great Northern, explained the transaction by which the interests of the two railways were combined.

"In the first place, I will tell you," said the director, "that there was absolutely no truth in the statement recently made that Messrs. Mackenzie & Mann had only secured a third interest. Such an interest would be absolutely of no use to them. What they had to get and did get was a controlling interest, and in doing so they purchased between 55 and 60 per cent of the stock of the Great Northern."

"Part of the stock was first of all bought in by different interests for the Canadian Northern people and then when the proper time came Mackenzie & Mann stepped in and bought a block of stock sufficient to give them control."

"The entire capital of the Great Northern railway is \$3,000,000 and of this close to 90 per cent, or \$2,700,000 has been paid up. Stock equal to a little over one-half of this amount is now controlled by Mackenzie & Mann."

"An aspect of the deal that has not been pointed out as yet is that the Great Northern was just as anxious to bring it about as was the Canadian

Northern. The main reason for this is that the Great Northern is just as keen to extend its trade to the west as the Canadian Northern is to secure an outlet for its traffic in the east."

"All the contracts made by the Great Northern with the Shawinigan Water and Power company and other corporations have been ratified by the new directorate."

CONSERVATIVE CONVENTION

A large and representative convention of the conservatives of the Territories was held in Moose Jaw commencing on Wednesday, March 25th. The convention was very enthusiastic and unanimous. One of the main points of discussion was the advisability of introducing straight party politics into the government of the Northwest Territories. After considerable discussion and amid great enthusiasm a resolution was passed by a vote of 214 to 11, declaring in favor of introducing straight party lines at the next Territorial election. Resolutions were passed expressing confidence in Mr. Borden; opposing the granting of land by way of bonus to railways or other corporations and opposing the sale of Territorial land to others than bona fide settlers. Present party corruption was condemned and a new election act favored. The Dominion Government was condemned for the present transportation difficulties and for the inadequate provisions for self-government granted to the Territories. Provincial autonomy was favored and the Liberal party censured for differences of policy within the party. The Territories should have a representation of at least eighteen members in the house of commons and there should be adequate protection to home industries.

A Territorial Conservative association was organized with the following officers:

Honorary president, F. W. G. Haultain.
President, Thos. Tweed, Medicine Hat.

First vice president, Dr. T. C. Spence, Prince Albert.
Second vice-president, W. G. Ives, Lethbridge.

Executive Committee:
R. B. Bennett, M. L. A., Calgary, for Alberta.
Dr. Creamer, Qu'Appelle, for Eastern Assiniboia.

G. M. Annable, M. L. A., Moose Jaw, for Western Assiniboia.
Thos. McKay, M. L. A., Prince Albert, for Saskatchewan.

FRANK

Sentinel, March 28.
Among the many buildings that are to be built here this season is a first class sanitarium hotel by the Coal Co. Near the American boundary line just where Montana, Alberta, and British Columbia join each other there is every indication that a good oil field will be developed. As yet it is only being prospected and although every thing points to paying wells being found still like other mining ventures people do not need to be in too big a hurry to grab at every get-rich scheme that is placed upon the market.

About a year ago a company composed of Calgary capitalists, headed by pioneer J. Lindeham, Hon. Judge Sifton, Mr. Van Wart and others secured and placed a drilling outfit upon Oil creek and commenced drilling. After more or less trouble and overcoming a good many difficulties they have succeeded in getting a drill hole some 1,000 feet at which depth, unfortunately, their drill has become stuck at or near the bottom of the hole. There is no question but that they have oil, as yet, however, they have struck no regular flow and in spite of the fact that, owing to the drill sticking, no pump can be put down in the hole, still claims are made that this well can produce 300 barrels per day. The latest in the prospect has examined the well, in the capacity of an oil expert, for the government and it is reported that this syndicate has secured titles to some 600 acres of these oil lands.

There are also operating in that neighborhood a party of Vancouver capitalists, who have placed a modern drilling outfit upon the ground and are busy drilling and in two months time have got a drill hole down some 600 feet. They also have every confidence of striking oil, and the southwestern portion of Alberta may yet become a great oil producer.

MONEY TO LOAN.

The British Columbia Permanent Loan and Savings Co. will loan sixty per cent of appraised value of improved town property. Excess payments can be made with any monthly payment. Interest is dropped on every \$100 of the principal returned. The whole loan can be returned at any time without bonus by giving sixty days notice.

In Regard to WATERPROOFS and TWEED SKIRTS

We would like a chance to show you what we have in these lines.

When we speak of Waterproofs, we do not mean the ill-smelling, ill-fitting, use-on-a-rainy-day affair usually shown under that name. Ours are handsome garments, beautifully tailored, made of lovely all-wool tweeds and covert cloths, which you would never suspect of being waterproof. These are stylish, full-length coats, and look right any day, rain or shine.

Our All-wool Skirts for spring are as right as anything can be.

HOMES! HOMES!

W. H. HOOPER COMPANY

OFFERS ON

MONDAY, MAY 4TH, 1903,

200 LOTS - 50 X 150

ON

Kenneth Macdonald Flats

The Finest Alluvial Soil on Earth.

On each Lot enough may be grown to support a family.

The property adjoins Little's brick yard on the South, the Experimental Farm on the North, and overlooks the Saskatchewan on the East.

The opposite bank of the river, rising in natural terraces from the water's edge to an average height of 150 feet, beautifully wooded, affords A PANORAMA OF HARMONY AND DELIGHT.

Edmonton has passed the experimental stage, and will possess in a few years a metropolitan population.

The Railway Question is settled. The Canadian Pacific, Grand Trunk and Canadian Northern are assured quantities.

A fact not generally known substantiates that Edmonton will be a terminus for some years, is that the carrying capacity of the Canadian Pacific exceeds the Oriental and British Columbian trades combined, and the three great roads mentioned will halt before pushing on to the Pacific, thereby making our city of vastly more importance than it would otherwise have been.

Much of the timber is primeval. The principal streets will be boulevarded, and ancient growth furnish overshade.

Maps and schedules of prices open for inspection at W. H. Hooper Company's Office on May 4, 1903.

Real Estate.

W. H. HOOPER COMPANY,

Edmonton.

CANADA'S NATIONAL GAME

Editor-Bulletin.

Sir,—Having been here in your town during the winter months and noting the enthusiasm displayed in connection with and patronage received by your hockey club I would suggest the organization of a lacrosse club—its only sporting rival.

Many young men, the writer included, have come to your town for the purpose of making money, but are not willing to give up athletic sports if there is any opportunity of developing this disposition. The majority of these young men come from Ontario and are old lacrosse players who have been playing on some of the best teams in Ontario and who are perfectly willing to get out and practice for the "love of the game," and take chances of getting a place on any lacrosse team. They have not as yet had an opportunity of getting acquainted with the athletic fraternity of your town and hope to see through the columns of your paper how and when such an inclination could be gratified. The writer has heard much talk in one hotel in town of organizing a lacrosse team exclusively of the guests. This would be a mistake for many of such can compete in lacrosse with any players that don a uniform and are willing to affiliate with an Edmonton lacrosse club if they have a chance.

Trusting Mr. Editor you will try and arrange some way that we can "get next the game."

Respectfully yours,

LACROSSE ENTHUSIAST.

NOTICE!

In answer to enquiries etc., of those whom we have contracted for advertising in THE GERMAN HERALD we beg to say, that when we promised to have the paper issued by this time, we did so in good faith and with all reasonable justification, as all arrangements and that for a News Paper so important preliminary work, had been timed to this end.

Man Proposes and the C. P. R. Disposes.

Our offices are secured and our working staff is engaged and ready to commence on notification. The larger part of our plant has arrived but still some parts, though it has been ordered and shipped, has not yet reached us.

We do expect it at any time now and on its arrival will be in position to commence business at once.

We do most sincerely trust, that businessmen, out of knowledge of some personal experience with the Entirely Unsatisfactory Facilities of Freight Transportation will give us the benefit of their forbearance and still extend to us their good will of which we have been the recipients.

The Time.

In the meantime we have not been idle, but have made a personal canvass of all the German communities within sixty miles and have met with a success that surpassed our most sanguine expectations and the list of our bona fide and already paid up subscribers is open to our patrons at any time and the so Guaranteed Large Circulation will convince them of the merit of advertising in the GERMAN HERALD.

Respectfully,
For the Management of the German Herald,

Alfred von Hammerstein.
